Dear Carl,

Attached is the breakdown for year 3. I have made some line item changes that move resources to the convening of our final workshop in early October. I have discussed these changes with Scott, but please do let me know if you have any questions.

Best,

Hi Amanda,

Please provide me with a budget breakdown for the Year 3 Funds similar to the one you gave me last year. I have attached a copy below for your review. Also, please make sure that the travel section of the budget is itemized completely. Feel free to contact me, if you have any questions.

Hi Scott,

I wanted to follow up on the status of our request for year 3 funds under Cooperative Agreement XA-83442701-0, "Methane Recovery in Russian Gas Sector." The requested amount is \$146,522. We would like to draw down some of the funds next month.

Let me know if there is anything you or Carl need from me or Bryan.

Many thanks,
Amanda

Bryan,

Thanks for sending this information and request. I will defer to Scott on the grant management moving forward. In case he does not have email access this week, I did want to let you know that Scott will be on extended travel through mid June but I believe he will have periodic email access during that time. I will defer to him on his availability but I imagine he will probably want to have a quick touch base/discussion of the third year plans and budget before proceeding.

As always, feel free to contact me if you have urgent questions while Scott is on travel.

Thanks!
